

Building a Better Community

For over 30 years, DeNova Homes has earned a reputation as one of the most respected homebuilders in California. Our approach is simple—as a private, family-owned builder, we address each community individually, incorporate the unique characteristics of the surrounding area and commit to build only the very best. These guiding principles have been recognized numerous times by the Building Industry Association through various awards, including the prestigious Builder of the Year award. Perhaps most rewarding of all though are the hundreds of satisfied homeowners who have confirmed DeNova Homes' standard of quality, lifestyle, and value.

While we focus on innovative design and superior craftsmanship, our primary commitment is to the lifestyle our homeowners enjoy when they move into a DeNova home. Building a better community is what we do, whether it is creating the ultimate environment for your dream lifestyle, building affordable housing for families and individuals at risk for homelessness with Yellow Roof Foundation, or supporting the American Red Cross, Volunteers of America, the American Cancer Society, and many other local organizations. DeNova Homes is there for the neighborhoods in which we build. It is our defining goal. It is what makes us proud. It's what creates *Home*.

Luca at Aviano is located in Antioch, California, and is the second neighborhood by DeNova Homes to open at the Master Planned Community of Aviano. All communities within Aviano will surround a central open space and park, a lifestyle hub with over 25 acres of green space. This hub will feature picnic and BBQ areas, a playground, Bocce Ball courts, two dog parks, walking paths, and multi-use areas.

With a tree-lined formal entry into the community, each neighborhood will have a distinct gateway with its own unique character. The neighborhoods are linked together by a tree-lined loop that features a pedestrian path. The open space will be natural in character with detention ponds creating a wetland feel. This community is designed with outdoor activities and recreation in mind to go hand in hand with the established family-friendly Antioch neighborhood. With Brentwood's shopping and entertainment amenities a bike ride away, this location has something for everyone and their lifestyle.

Luca at Aviano is conveniently located only minutes from Highway 4 and the Antioch BART Station. 179 spacious homes featuring 3 new single-family home floor plans ranging from approximately 1,804 to 2,731 square feet of living space and include 3 to 5 bedrooms, a loft (per plan), and up to 3.5 bathrooms. Luca offers open floor plans with flexible spaces that are ideal for families of any size! Whether you choose a downstairs bedroom with a bath for multi-generation living or a private den to make working from home easier, it is all available at Luca at Aviano!
